Building Collections for Collectors

Chicago CPMX March 28-29, 2008

**Building Collections For Collectors** 

Welcome to the 14th Annual CPMX show and auction. I am pleased to have been a part of this show since its inception, and although not the greatest weather (this year it is much later) we have always had a good time and interesting auctions.

While I was gathering notes and collections for this sale I continually wondered how it would look as a good auction, but it's a neat sale with interesting material for collectors and dealers in nearly all fields of collecting. I am not surprised that this sale lacks those high profile rarities we

have handled recently, but once you have sold them, unlike many coins, collectors are not ready to part with them. That is, of course, what makes them rarities that aren't often available. We do have a bunch of neat "stuff" for collectors in this sale so please enjoy it and bid, bid, bid.

Remember to plan immediately for your trip to Memphis in June, or if you want your collection or material featured in this biennial event for Lyn Knight Currency Auctions. This year's sale already features the Frederick Mayer Collection of Colorado National Bank Notes, the 100 greatest Connecticut notes from that "special" collection and a world class collection of packs, consecutive groups and runs of U.S. currency. There will be a special sale of World Bank Notes as well. Make your plans today to be part of these special events.

Sincerely,

Ryn

## OFFICIAL GRADING SERVICE POLICY

We currently offer notes for sale that have been graded and encapsulated by various third-party grading services. Because we are unable to grade the notes outside of any holder we make no representation whatsoever to the quality or grade of that item. We sell all third-party graded items AS-IS and there are no returns accepted for any reason. All guarantees or warranties in force are those offered by the grading service and it is the responsibility of the buyer to understand each grading services guarantees. If a lot has been graded by a third-party, and you buy it...you own it.

We grade each note in our sale based on our opinion and years of experience, and we expect you to use the same when buying in our sales. We accept no returns for any reason other than authenticity or mis-attribution for anyone who bids in person, on the telephone or has an agent bidding for them. Mail or internet bidders who have not previously inspected the items may return a lot within seven (7) days of receipt if they have paid for their lots within 10 days of the date of the sale. Anyone failing to pay within this time frame forfeits any return privilege. Notes must be returned in the original labeled and undamaged holders, and may not have been removed or sent to any third party, thus allowing the item(s) to be out of the care, custody and control of the buyer, who then forfeits any right to return the item(s). In other words, if we send you (a mail or absentee bidder) a lot and you don't think it is what you want, you can return it. If you (any bidder) want someone else (i.e. a third-party grading service) to view and grade the item, you cannot return it. If you buy a lot and send it elsewhere to be graded...you own it...period! No lot will ever be accepted for return that is not in our undamaged, original holder.

Why is this my policy? I have over 40 years of experience grading currency and my opinions of grade are quite consistent, so I feel I know what I am doing and I try to do that to the best of my ability. I have the ability to use more than a single number to describe an item and its faults or strengths. I go to great lengths to inform the buyer what I see and what to expect. They can accept, or reject my opinion. When they reject my grading opinion too frequently, I suggest live participation, hiring a representative or buying elsewhere if we are not on the same page as far as grading is concerned.

#### **Terms and Conditions**

- Auction Basics. This is a public auction sale ("Auction Sale") conducted by licensed and bonded Auctioneers, Lyn Knight Currency Auctions (hereinafter referred to as "Auctioneer" and at times as "Knight"), Eric Knight, Auctioneer - License #AU3267. Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms and Conditions of Auction Sale stated herein. Bidders may include consignors who may bid and purchase lot(s) in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Knight ("Consignor" and "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the buyer's premium charged to all other buyers. Knight reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Knight may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOGUE. Pursuant to a separate agreement with Knight, Consignors or their agents may be permitted to bid on their own lots in the sale and may receive a rebate commission in whole or part if successful. Where the Consignor has re-purchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Knight reserves the right to so note in the Prices realized or to omit a price from the prices realized. Knight may bid for its own account at any auction. Knight may have information about any lot that is not known publicly, and Knight reserves the right to use such information, in any manner determined solely by Knight and for the benefit of Knight without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Knight may not be required to pay a Buyer's Commission, or other charges that other Bidders may be required to pay and may have access to information concerning the lot(s) that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lot(s) may carry a Reserve. A Reserve is a confidential price or bid below which the Auctioneer will not sell an item or will re-purchase on behalf of the Consignor or for Knight.
- 2. Descriptions and Grading. Bidder acknowledges as follows: Grading and evaluation is an art and not a science. The grade, mintmark, quality, designation, variety, rarity, provenance, and historic relevance of any items in this sale are qualified statements of good faith opinion of Knight or its Consignor(s). It is possible that two people will not always grade the same item alike. Also, as market conditions change, grading standards change, and will most likely continue to do so in the future. Each Bidder's own examination of the item(s) is the criterion and not the grade represented by another. Every effort is made by Knight to determine provenance and authenticity. It is the Bidder's responsibility to arrive at a final conclusion prior to bidding. In any purchase or sale, the value of the item(s) is determined by the price. THE BIDDER HEREBY ASSUMES ALL RISKS OF VALUE CONCERNING ANY AND ALL PURCHASES. All photographs in this catalogue are of the actual items being sold but may not be the actual size or to scale.
- The Bidding Process. The auctioneer may open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent, a Bidder by mail, telephone, internet or telefax; or any other participant in the Auction Sale. Mail bidders are urged to send their bids early, and are reminded that fax bids must be sent to (913) 338-4754 and received no later than 24 hours prior to the start of each session or live auction bidding in order to be recognized. No bids less than 60% of the low estimate will be considered or entered and no lots will be sold for less than face value. All bids, whether internet, mail, fax or email, that are less than 80% of the low estimate will be entered at their full amount, all bids above 80% of the low estimate will be executed in response to any other bids, whether they are reserve bids or from any other source, whether live or absentee bidding. The Auctioneer may accept or decline any bid, challenge to any bid or bidding increment, as the Auctioneer in their sole discretion shall determine. Bids must be for an entire lot and each lot constitutes a separate sale. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. It is unlawful and illegal for Bidders to collude, pool, or agree with another Bidder to pay less than the fair value for lot(s). Bidders in the Auction Sale acknowledge that the law provides for substantial penalties in the form of treble damages and attorney's fees and costs for those who violate these provisions. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. If any dispute arises, Auctioneer shall have the right to rescind the acceptance of the bid and place the lot(s) for Auction Sale again. Auctioneer's decision shall be final. For the Mail and Internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When the identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder and Telephone Bidder must bid higher than the highest mail bid to be awarded any lot. Auctioneer reserves the right to refuse any bid, to reduce any mail bid received, to open the bidding of a lot at any level deemed appropriate by the Auctioneer and to determine the prevailing bid, at his sole discretion. THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction Sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, receive a similar benefit as Floor Bidders, in being able to actively participate in the live Auction Sale ("Telephone Bidders"). Therefore, except as otherwise provided in these Terms and Conditions of Auction Sale, NO LOT MAY BE RETURNED THAT IS PURCHASED BY A FLOOR BIDDER, A TELEPHONE BIDDER, AND OTHER BIDDERS WHO HAVE HAD THE OPPORTUNITY TO VIEW THE LOT(S), OR ANYONE PRESENTING KNIGHT WITH A RESALE CERTIFICATE OR OTHER EVIDENCE THAT THEY ARE ACTING AS A DEALER. For Bidders by mail, telefax or internet, who have not had the opportunity to view the lot(s), if there is a material error in the catalogue description, the lot may be returned if written notice is received by Knight within five (5) calendar days of receipt of the lot(s). The lot(s) must be received by Knight no later than twenty-one (21) calendar days after the Auction Sale in the same condition the lot(s) were delivered to the Bidder, in their original containers. Late remittance constitutes just cause for revocation of all return privileges. All prospective Bidders who have had the opportunity to examine the lot(s) prior to the Auction sale personally assume all responsibility for any damage that Bidder causes while handling or examining lot(s). Knight shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by the prospective Bidder. KNIGHT IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. A Bidder should make certain to bid on the correct lot and that the bid is the maximum (plus the Buyer's Commission) that he or she is willing and able to pay. Once the hammer has fallen and the Auctioneer has announced the winning Bidder, the Bidder is unconditionally bound to pay for the lot, even if the Bidder has made a mistake. Knight reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Bidder has taken physical possession of the lot. No Bidder shall have a right to claim any consequent damages if the lot is withdrawn, even after the Auction Sale.

- 4. Bidder Registration Required. All persons seeking to bid must have a catalogue and register to bid at the auction by completing a registration card or bid sheet. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to adhere to these Terms and Conditions of Auction Sale. This agreement shall be deemed to have been made in Kansas. The bidder acknowledges that the invoice describing a lot by number incorporates the catalogue and Terms and Conditions of Auction Sale.
- Prices, Payment and Delivery. A Buyer's Premium of twenty-two and one-half percent (22.5%) will be added to the total amount of all invoices for those bidding through EBay Live/Live Auctioneers and anyone wishing to pay with PayPal or credit cards. A Buyer's Premium of fifteen (15%) will be added to the total amount of all invoices that are being handled through our regular in-house procedures, including payments using cash, bank wire or a good check (with pre-approval). Please note that credit card checks are not acceptable forms of payment. A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Commission. Unless otherwise agreed in writing, auction sales are strictly cash in U.S. funds payable through a bank in the United States. No credit card checks will be accepted as payment for auction lots. On any cash transaction or series of transactions exceeding \$10,000, Treasury form 8300 will be filed. Contact Knight for wiring instructions before sending a wire. Lots must be paid for the earlier of receipt invoice or delivery. Knight reserves the right to decline to release lots for which good funds have not yet been received. On any accounts past due, Knight reserves the right to extend credit and impose periodic charges. Bidder agrees to pay reasonable attorney's fees and cost incurred to collect on such past due accounts. Bids will not be accepted from those persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms and Conditions of Auction Sale herein and agrees to be bound thereby on behalf of the Bidder. Bidders personally and unconditionally guarantee payment that are or become owed to Knight. If a corporation is the Bidder, the corporate representative present at the sale shall provide Knight at the time of registration with a statement signed by each principal, director and officer that they each personally and unconditionally guarantee any and all current or future obligations owed to Knight or such other statement as may be acceptable to Knight, in the sole discretion of Knight. Bidders who have not established credit with Knight must furnish satisfactory credit references or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amounts as Knight may, in its sole and absolute discretion, require before such bids will be accepted. Deposits submitted will be applied to purchases. Bidders agree to pay an additional fee for packing, handling, postage and insurance on lots mailed to them, which fee shall be determined by the value of the item(s) shipped and added to the total invoice as follows: \$9 for \$1 - \$300 shipments; \$17 for \$301 - \$3,000 shipments; \$22 for \$3,001 - \$10,000 shipments; \$27 for \$10,001 -\$25,000 shipments; \$32 for \$25,001 - \$50,000 shipments. For shipments valued over \$50,000 the fee will be determined at the time of the sale. Bidders outside the United States shall be invoiced for Knight's shipping costs (an additional \$10 Airmail handling fee will be added to International Bidders invoice), but agree to provide their own insurance on lots shipped to them (Knight shall not be responsible for non-delivery of lots shipped to addresses outside the United States). Any remaining deposits will be promptly refunded, upon clearance of funds. Knight will not assume responsibility for the shipping and packaging of certain larger items or items of a more fragile nature sold in this sale as determined by Knight. It is the Bidder's responsibility to contact Knight after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Knight may be forced to charge additional shipping and handling. Lots indicated as being "framed" are shipped at the Bidder's risk. Taxes, postage, freight charges, if applicable handling, insurance and Buyer's commission, and any other fees required by law to be charged or collected will be added to the invoice for any lot(s) that is invoiced to successful Bidders. On any tax not paid by Bidder which should have been paid, even if not collected Knight by mistake, error, negligence or gross negligence, Bidder agrees to promptly pay the same on demand together with any interest or penalty that may be assessed. Title to any lot remains with Consignor, any secured party of the Consignor, or Consignor's assigns, as the case may be, until the lot is paid for in full by Bidder. Knight reserves the right to require payment in full before delivering any lot to the successful Bidder. The RISK OF LOSS passes to the Bidder upon delivery of the lot(s).
- 3. Financial Responsibility. In the event a successful Bidder fails to make payment when due, Knight reserve the right to resell the lot(s) in a commercially reasonable manner, which may include a private sale. Bidder agrees to pay for the reasonable cost of such a sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloguing and any other reasonable charges. Bidder grants Knight or its assigns the right to offset any sums due, or found to be due to Knight, and to make such offset from any past, current or future consignment, purchases that are in the possession or control of Knight, or from any sums due to Bidder by Knight. Bidder further grants Knight a purchase money security interest in such items to the extent applicable. Bidder agrees that Knight and its assigns shall be a secured party with respect to items bought by Bidder and in the possession of Knight, to the extent of the maximum indebtedness, plus all accrued expenses attorney fees and costs, until the indebtedness is paid. Bidder grants Knight the right to file a UCC-1 financing statement on such items without need for Bidders signature and to assign such interest to any affiliated or related company or any third party deemed appropriate by Knight. If the auction invoice is not paid for in full when due per invoice terms, the unpaid balance will earn interest at the rate of one-and-one-half percent (1-1/2%) per month until it is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law. Bidder agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Knight or any affiliated or related company to collect past due invoices. Knight reserves the right to assign its interest to any third party.
- 7. DISCLAIMER AND WARRANTIES. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOTS THAT AUCTIONEER MAY HAVE BY VIRTUE OF THE CONSIGNMENT AGREEMENTS WITH CONSIGNORS AS OF THE AUCTION SALE DATE. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING OF A LOT.
  - a. All sales of items (1) viewed by Bidders in advance of a sale, even if the sale is by mail, telefax or internet, or (2) bid upon by Floor Bidders, Telephone Bidders and Bidders who present Knight with a resale certificate, out of state resale certificate, or similar evidence in acting as a dealer; ARE FINAL AND MAY NOT BE RETURNED.
  - b. Any and all claims that an item is not authentic, must be made in writing to Knight within five (5) calendar days after receipt of the item.
  - c. If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container, as the case may be.

- d. Late remittance or removal of any item from its original container constitutes just cause for revocation of all return privileges.
- e. Grading or condition or other attributes of the lots may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Knight. Knight shall not be bound by any prior or subsequent opinion, determination or certification by any independent grading service.
- f. All oral and written statements made by Knight and its employees (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Knight has authority to vary or alter these Terms and Conditions of Auction Sale. Any alteration shall be effective only if in writing and signed by an officer of Knight authorized to do so.
- g. Bidders shall have no recourse against the Consignor for any reason whatsoever.
- h. Notwithstanding anything to the contrary in these Terms and Conditions of Auction Sale. LOTS LISTED IN THIS CATALOGUE GRADED BY ANY THIRD PARTY GRADING SERVICE MAY NOT BE RETURNED FOR ANY REASON WHATSOEVER.
- i. Bidder acknowledges that the market for currency and related collectibles is speculative, unregulated and volatile, and that prices may rise or fall over time. Knight does not guarantee that any customer buying for investment purposes will be able to sell for a profit in the future.
- 8. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assigns, generally and specifically waives and releases, and forever discharges Knight, and its respective affiliates, parents, shareholders, agents, subsidiaries, employees, members of their respective boards of directors, and each of them, and their respective successors and assigns from any and all claims, rights demands and causes of actions and suits, of whatever kind or nature, whether in law or equity, whether known or unknown, suspected or unsuspected, which Bidder may claim to have with respect to and/or arising out of, or in connection with any challenge to the title to any goods purchased, the sale itself, and/or the auction, except where such reimbursement is otherwise authorized in these Terms and Conditions of Auction Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every claim, demand, cause of action and suit that may arise hereunder, and Purchaser hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows. "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM MUST HAVE MATERIALLY AFFECTED HIS SETTLEMENT WITH THE DEBTOR."
- Disputes. If a dispute arises concerning ownership of a lot that has been bid upon, Knight reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and successful Bidder and any other applicable party, and in such event shall be entitled to its reasonable attorney's fees and costs. Knight reserves the right to postpone the Auction Sale or any session thereof for a reasonable period of time for any reason whatsoever. No Bidder shall have any claim as a result thereof, including incidental or consequential damages. Neither Knight nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms and Conditions of Auction Sale, the auction or the conduct thereof and in no event shall liability for any such failure exceed the purchase price, premium or fees paid. If the Bidder fails to comply with one or more of these Terms and Conditions of Auction Sale, then, in addition to all other remedies which it may have at law or in equity, Knight may at its sole option either (a) cancel the sale, retaining all payments made by Bidder as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, or (b) sell a portion or all of the lot(s) held by Knight, in a quantity sufficient in the opinion of Knight to satisfy the indebtedness, plus all accrued charges, and Knight may sell such portion at an auction sale or private sale conducted by Knight and charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Knight. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Knight. The proceeds shall be applied first to the satisfaction of any damages occasioned by Bidder's breach then to any other indebtedness owed to Knight, including without limitation, commissions, handling charges, the expenses of both sales, reasonable attorney's fees, costs, collection agency fees and costs and any other costs or expenses incurred. Bidder is also liable to Knight if the proceeds of such sale or sales is insufficient to cover the indebtedness. Rights granted to Bidders under the within Terms and Conditions of Auction sale are personal and apply only to the Bidder who initially purchases the lot(s) from Knight. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.
- 10. General Terms. These Terms and Conditions of Auction Sale and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of Kansas, regardless of the location of the Auction Sale. Bidder acknowledges and agrees that the competent courts of the State of Kansas shall have exclusive jurisdiction over any dispute(s) arising hereunder, and Bidder hereby agrees that any dispute arising hereunder shall be litigated exclusively in the courts of the State of Kansas, regardless of any party's current or future residence or domicile. Bidder further agrees that venue shall be in the Superior Court for Johnson County, in the State of Kansas. Bidder agrees that any legal action with respect to this Auction sale is barred unless commenced within one (1) year of the date of this Auction Sale. Bidder may have the right to submit disputes to binding arbitration pursuant to the rules of the Professional Numismatics Guild ("PNG"). If any section of these Terms and Conditions of Auction Sale or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Knight may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

#### 11. ACCEPTABLE BIDDING INCREMENTS:

#### LEGAL TENDER

Fr. 16 1862 A very attractive example of this First Issue \$1 with two serial numbers and NBNC printed twice along the bottom. Unlike many, this note is fully margined top, bottom and sides.

\$1 Absolutely 100% original with great embossing, natural paper waves, and crackling texture. The forest green under print is bold, while the Treasury seal is a bit light. Two tiny staple holes nearly escaped detection. Very, very light scuff to upper corners. Nicely centered, with all sides well clear of the design frame. A truly uncirculated example of our nation's earliest one dollar bill.

1869 Wow! Colors on this brightly inked Fr. 18 \$1 Rainbow scream "Gem", but the folds indicate otherwise. The face centering is exceptional, while the back is high. A 1.5 mm split on the left margin is not into the design and affects nothing. VF/XF (1,250-2,500)

Fr. 18 This Rainbow has two heavy folds on back VG (200-300)

Fr. 19 1874 A well used, but evenly circulated 1874 \$1 Legal Tender. VG (100-150)

10 1875 Series A Only the great Tom Denly could come up with a rarity like this, as there are only 22 notes listed in the census and they appear so infrequently these days. Only four UNCs are in the census. This note looks like an UNC, but is not. A pretty note. XF + (5,000-10,000)

11 1875 Series A This is a very rare and seldom offered Friedberg number. A mere 24 pieces are reported in all grades, and it has been some years since one in any grade was available. This is an evenly circulated and solid collector grade, which will be a nice addition to someone's collection. Fine (1,750-2,750)

Fr. 24 \$1 1875 Series D The Series D note is the toughest of all of the various varieties of this issue to obtain. The Great Lakes Collection specimen brought the total to just 18 examples recorded. The quality, while still circulated, is extremely pleasing with excellent overall paper quality and excellent centering, but with several vertical folds. It appears that there are only four notes that are better. In fact, only one UNC is listed! A true rarity that is often underrated. VF/XF (5,000-10,000)

13 \$1 1875 Series E This evenly circulated note is one of only 22 examples in private hands. It actually looks a bit better than it technically is. You will have few opportunities to obtain a Series E note. Fine (1,500-3,000)

#### IMPORTANT FR. 159 \$50 1880

116 Fr. 159 \$50 1880 Fourteen examples in total, of which only two are noticeably better than this evenly circulated example. The large spiked seal fifty exists with only two signature combinations and has long been on the want lists of serious collectors. Here is a terrific chance to fill a gaping hole without breaking the bank. There are a smattering of pinholes and the margins have been trimmed well clear of the design frames. The opportunity to purchase well-established rarities at affordable prices doesn't come often enough. A final bid well into the estimate range will come as no surprise, but then some collector might get lucky for less. Graded VG/Fine, trimmed, by CGA.

118 Fr. 179 \$100 1880 This note sold for \$9,500 in 2006, which seems somewhat below today's market for early, important pieces. The overall appearance far exceeds the net grade assigned because of a well executed repair in the bottom margin and a closed split in the top margin, noted on the holder. 121 Fr. 190b \$10 Dec. 15, 1864 A scarce type that even with 90 reported remains quite elusive. Remember these bore interest and were redeemable with that interest. #### INTEREST BEARING NOTES

## RARE \$20 INTEREST BEARING NOTE

122 Fr. 197 \$20 March 18, 1864 This note is one of only nine known examples of this variety with the ABNC/NBNC as the printer. The census records indicate that there are three VF notes and six that are definitely lower grades. With the rarity and increased interest in Interest Bearing Notes I expect to see considerable interest at this sale, especially since there are only 38 examples of the design type extant today. Last summer a note from the Koike Collection sold for \$28,750 and it was no better than VG. In September 2006, another VF 30 reached \$74,750 in another auction. Even the more common Fr. 197a, with 29 reported, realized over \$25,000 in this grade last year. This note has an excellent overall appearance with the only repair visible being small edge splits that were closed so they did not get worse. An excellent overall look. Graded Apparent VF 25, minor edge repair at bottom center, by PCGS.

## IMPORTANT FR. 203 \$50 INTEREST BEARING NOTE

123 Fr. 203 \$50 April 20, 1864 A rare opportunity to acquire this excessively rare \$50 Interest Bearing Note that is one of eight reported. All are in a tight grade range from Fine to VF, with latitude for numerical grading. This is a two-year note payable with 5% interest and is dated April 20, 1864. These were used to pay for the Civil War and they were redeemed, not saved. Certainly an important part of U.S. fiscal history. I sold a VF in 2000 and 2005 for just in excess of \$60,000. In a different market this could easily reach six figures.

## \$5 EDUCATIONAL GEM NEW 66 PPQ

197 1896 In 1897, when the \$5 Educational Fr. 268 notes were released, the firm of Cabot, Cabot & Forbes was one of the old-line banking companies and they were pillars of the Boston blueblood society. Mrs. Cabot and Mrs. Forbes were very conservative and when they inspected their first \$5 Educational note they ordered their husbands not to allow the notes in their banking and business house. This was due to the naked breast on the figure on the face of the note. Hence the term "Banned In Boston". This objection led the government to cancel plans for the \$10 Educational note and so abandoning the series. The central vignette shows Electricity presenting Light to the World. Shirlaw did the original design for the \$5 Ed and Thomas F. Morris later modified it; he also designed the back. A beautiful Gem that has been graded Gem New 66 PPQ by PCGS.

This important \$20 Blackback is entirely new to the census and unquestionably ranks in the upper one-third, although in terms of honesty and eye-appeal it should rank higher. The surfaces are completely unmolested, the paper has exceptional body, all design elements remain sharp and there are no restorations or improvements of any nature. A few tiny staple holes observed when backlit but not a hint of anything else. Even the margins that are commonly irregular require no apology whatsoever. If a collector has patiently waited for years to buy the perfect Decatur, it would be a mistake to go a day longer without chasing this lot.

(12,500-25,000)

229 Fr. 309 \$20 1880 A scarce \$20 Blackback that is one of just 38 notes reported with this signature combination. This note brought \$3,795 in a Heritage sale in 2004 where it was graded Fine and I thought it would grade "15", which makes sense. Today that seems very reasonable for a quality note.

1042 \$100 1974★ J Kansas City XF/AU (175-250)

1043 \$100 1981 I Minneapolis This is one of the rarest modern series \$100s. Minneapolis had the lowest printing of this entire series by far, leaving this note on many want lists. This is a totally original, premium example with great embossing and excellent boardwalk margins.

Gem CU (300-400)

1044 \$100 1988★ B New York Boardwalk margins and punch-through embossing highlight this stunning star. Small size book lists a value of \$450. We sold an identical note at \$425 hammer in a prior auction.

Superb Gem CU (400-800)

1045 \$100 1990★ C Philadelphia The condition is "off the charts" on this wildly exceptional example. The jumbo margins, razor sharp corners, and deep embossing combine for a keeper.

1047 \$100 1990 K Dallas This is one of the scarcest of the 1990 issues. Despite a large printing very few were saved in uncirculated condition. This one is just superb, with huge boardwalk margins all around and full, fresh embossing. A note that time will prove to be a winner.

(300-400)

1048 \$100 1993 B New York Although a relatively modern series, these notes were simply not saved in quantity.

#### WIPER PAPER OBSTRUCTION

1167 \$5 1981-A G Chicago R-9 error, according to the rarity index by Bart. No error variety ranks higher! That should say something about the scarcity of this mistake. The back of this note was printed over the wiping paper used to clean ink off of the plates. The extra fragment of paper (which is unusually large) consists of wiper paper, not currency stock! The paper is too coarse and too white compared with that intended to print paper money. It's amazing that the wiper paper fell into the press; it's a miracle that it was recovered with the note. A similar note shows in the Bart book with a value of \$4,500, but the book is five years old. Ch. AU (6,000-12,000)

#### FOURTH PRINTING ERROR - BACK ON FACE

1168 \$5 1988-A B New York A very impressive and rare fourth printing on the face of this \$5 New York FRN. This sheet must have been mis-fed into the press causing a note with two backs, or should I say part of three backs. The sheet was then fed correctly into the press finishing the printing. An error unlike any I have handled before. It might have been cooler if it only had backs on both sides. Truly a classic error among collectors.

# AMERICA'S FIFTEEN DOLLAR BILL \$10/\$5 1928-A DOUBLE DENOMINATION

1170a \$10/\$5 1928-A E Richmond The second small size double denomination **Double Denomination** printed! Originally from Lot 5697A of the Albert A. Grinnell sale of November 30, 1946, which contained both halfsheets. Since that time, four notes have not re-surfaced, so only eight pieces have been recorded in the Bart census, compiled since 1981. The centering on this piece is absolutely exceptional, as is every other conceivable attribute. Over the years, we've seen or sold most (if not all) of the eight available notes and firmly believe that this is the finest. All of the pieces have been considered to be Choice Crisp Uncirculated since their first offering in 1946. All have a soft center bend, not a fold or crease. Although the \$10/\$1 double denomination seems to get more attention, that makes no sense, as there have been far fewer offerings of the \$10/\$5 mistake during the past decade. When will another come up for auction? When will another come up for auction equal to this piece? Probably never. The only piece to sell within the past few years brought about \$42,000, a price likely to be eclipsed by this superior specimen. As with most great items, waiting will only cost money and likely deliver an inferior example.

#### **HAWAII ISSUE**

## RARE HAWAII INVERT

1184 1934-A Unquestionably the most important error is this Hawaii note with the brown Treasury seal and serial numbers Hawaii inverted. Harry Forman uncovered two consecutive specimens of this illustrious mistake in the 1970s. One resides tightly held in a New York collection, the other is here. Bowers and Merena sold the other example for \$5,995 from a fixed price list in June 1988. Quite a princely sum for any error then, but certainly worth the cost. Here is a note destined to capture the interest of collectors from many segments of the paper money hobby. Collectors of errors, Hawaii issues, World War II emergency notes and small size specialists will all vie for the privilege to add this prestigious piece to their holdings. This superlative misprint genuinely possesses the potential to set a record for the most valuable small size error ever sold at public auction. Suffice it to say, that whoever reigns victorious in the hard fought battle to capture this Gem will be well rewarded. This dramatic item is striking in its appearance and that alone would be enough, but it also comes in a grade that could barely be improved. Among all types, the Hawaii errors are some of the most sought after and most elusive. Even when collectors who don't buy errors see this note, they start dreaming of ways it would fit into their collection. A fantastic trophy item that could bring a runaway price.

Fine (250-500)

1601 Birmingham, First NB, 3185 Fr. 598 \$5 1902ND

This note has engraved signatures.

Fine (200-300)

1602 Birmingham, First NB, 3185 Fr. 1801-2 & 1802-2 \$10 & \$20 1929T2 The \$10 is a high-grade note for the bank, while the \$20 is a well used one. Two piece lot.

VG & VF (150-250)

1603 Birmingham, American-Traders NB, 7020 Fr. 598 \$5
1902ND An evenly-circulated \$5 with good signatures.

There is a pinhole near the portrait.

VF (200-400)

Birmingham, American-Traders NB, 7020 Fr. 624 \$10 1902ND A nice looking, evenly circulated note. Fine (200-300)

Birmingham, American-Traders NB, 7020 Fr. 624 \$10 1902ND An early circ note from this major southern city. VG/Fine (150-250)

1606 Birmingham, American-Traders NB, 7020 Fr. 650 \$20 1902ND Vivid signatures set off this problem-free twenty. Fine (200-300)

Demopolis, Commercial NB, S10035 Fr. 628 \$10

1902ND There were two national banks in this Marengo
County location, but this is the one that is seen more often.
There are 13 large notes reported. The cut on this note is tight into the bottom margin and the red signatures are light, but the appearance is good.

Fine (400-600)

1608 Elba, First NB, 6897 Fr. 1802-1 \$20 1929T1

A well used note from a tough bank. There are 17 small notes reported on this Coffee County bank. This note shows a bit of paper clip rust on the face.

1610

Montgomery, Merchants & Planters-Farley NB, S4180

Fr. 504 \$20 1882BB This is only the sixth note reported from this state capital that has only been available in the best collections ever assembled. Who knows how this Alabama note got to Indiana. From the Indiana cash hoard.

VG/Fine (1,250-2,500)

Selma, City NB, 1736 Fr. 399 \$5 Original This note has a slightly rounded corner, as do many from this hoard, but today it represents one of the most seen \$5 First Charters. As with the others, the corners aren't perfect on this note.

CU (2,500-5,000)

1612 Troy, First Farmers & Merchants NB, 5593 Fr. 1800-1 \$5 1929T1 A nice looking note, but the bank has 51 small notes reported.

## **ARIZONA**

## TUCSON, AZ STATEHOOD NOTE

Tucson, Consolidated NB, 4287 Fr. 654 \$20 1902ND A very rare and desirable note from this Pima County bank that has 41 large notes reported, including two Territorials. Only three UNC notes are reported, two are \$5s and this \$20 example. This note has the finest quality you can ask for, and its previous owner had it graded by PMG, Ch. UNC 64 EPQ. A lovely, unmolested note with excellent stamped signatures and quality overall. Few collectors ever get the opportunity to see an Arizona note this nice, let alone own one. This note carries the statehood date of February 14, 1912, Valentine's Day.

## 1929T1 NEWARK, AR #1

1620 Newark, First NB, 9022 Fr. 1800-1 \$5 1929T1

#F000001A This \$5 Type 1 sheet was saved from this bank and later cut. The Type 2 sheet was saved as well. There are only forty \$5 serial #1s reported for the state, and that's just not many. You buy this one and you could work on a Newark town set as well.

Ch. CU (3,000-5,000)

1621 Pine Bluff, Simmons NB, 6680 Fr. 1801-1 \$10

1929T1 A good name for an Arkansas town as there are plenty of Pine trees there.

Fine (150-250)

#### **CALIFORNIA**

Alameda, Citizens NB, P10150 Fr. 602 \$5 1902ND

An evenly circulated note from the most available of the town's four national banks. There are 17 large notes reported, with many in similar grade to this note. A large-only bank.

VG (500-1,000)

1627

Alameda, Commercial NB, P11942 Fr. 607 \$5 1623 1902ND There are only 18 large notes reported and there are plenty of people in the area to collect notes. The excellent signatures of F.N. and J.L. Delaney are clear, purple ink. Fine (750-1,500)

1624 Bakersfield, First NB, 10357 Fr. 1800-1 \$5 1929T1 A well used note from Kern County and one of 73 reported, but they are seldom available for sale. (300-600)G/VG

1625 Berkeley, First NB, 5380 Fr. 477 \$5 The town of Berkeley was incorporated in 1878, but plans for the site began in 1866 when men from the College of California decided to move its campus from its site in Oakland. Upon finding their future site, one of the men was reminded of a line from the writings of Bishop Berkeley, hence the town's name. This better central California bank has only 12 large size notes reported. Of that, only three are \$5 Brownbacks, all of which are in about the same grade. It has been over two years since collectors have had an opportunity at a \$5 Brownback on this bank, that being the Horwedel specimen which sold for almost \$5,000. The word Pasadena is Chippewa for "of the valley," which won its victory in the vote to name the town for incorporation in March of 1886. The town rapidly became a winter vacation spot for wealthy Americans from all over the country, necessitating the arrival of the Atchison, Topeka and Santa Fe Railroad shortly after incorporation. This better Los Angeles County note is new to the census. There are three other \$5 Brownbacks reported from here and this piece is tied with one other for top grade honors. Definitely a premium California note. The plate date puts this note in the middle of the Artistic period, yet the layout is rather plain. A very early standard design. Group 3, Series Standard. Ansonia was first settled in 1652 and named in honor of the merchant and philanthropist Anson Greene Phelps. It was originally part of Derby township. In 1893 Ansonia was incorporated as a city. The city is bisected by the Naugatuck River and spreads out from the river's banks. The land along the river is mostly given over to factory sites. The city has manufacturers of heavy machinery, electric supplies, brass and copper products, and silk goods. Ansonia, Derby, Shelton, Seymour, and Beacon Falls form one of the most important industrial communities in the state. The Naugatuck Valley is often referred to "as the seedbed of American technology".

Bridgeport was first settled in 1659. It was called Pequonnock until 1695, when its name was changed to Stratfield. In 1800 the borough of Bridgeport was chartered. The city was chartered in 1836. Bridgeport's early years were marked by a reliance on fishing and farming. The city's location on the deep Black Rock Harbor fostered a boom in shipbuilding and whaling in the mid-19th century, especially after the opening of a railroad to the city in 1840. The city rapidly industrialized in the late-19th century, and became a manufacturing center. By 1930, Bridgeport had more than 500 factories and a booming immigrant population.

Bristol was named after an English town on the Avon River and incorporated in 1785. Prior to its incorporation as a town it was an ecclesiastical parish known as New Cambridge. In 1727 Daniel Brownson bought the first lot sold in Bristol. The early settlers regarded what is now the center of the town as worthless for agricultural purposes, and settled upon the outlying hills. Later manufacturers naturally sought the watercourses, and upon every available stream small mills and factories were erected. According to one historian, "Bristol is a manufacturing town, and the inhabitants are distinguished by their enterprise and industry." In recent years, Bristol developed one of the most successful industrial parks ever developed in Connecticut.

Derby was inhabited by several Native American tribes for centuries. A trading post was established at Derby Docks in 1642 by John Wakeman of New Haven. The first year-round houses were built around 1651, at which time the New Haven Colony recognized it as a town. Residents of nearby Milford protested so vehemently that the order was rescinded and the settlement returned to Milford jurisdiction. Parts of the present day city of Derby were also known as Smithville and then Birmingham. The area prospered through agriculture, a successful foreign maritime trade, and finally manufacturing. The city of Derby was chartered by the state in 1893.

The town's successful commercial development was by then based on manufacturing. From the first water-powered gristmill in 1681 to the opening of the Housatonic Dam in 1870, efficient use of available power attracted a series of large manufacturers to the town.

Essex 's background dates to the mid-17th century. William Pratt, William Hide, & John Lay were the three original settlers of Potapoug Point. Most of Essex was initially known as the Potapoug Quarter of the Saybrook Colony. In 1852, Essex became a town. Dams were constructed on Falls River in 1689 which enhanced farming in the area. The Essex Village grew in importance with the advent of shipping and ship construction. Between the Revolutionary and Civil Wars, Essex built more than 500 sailing vessels. The British raid on the harbor in April, 1814, was one of the worst losses the American side suffered in the War of 1812. With the Industrial Revolution, Samuel M. Comstock and George A. Hartford had its first English settlers in 1635. The settlement was called Newtown, but was changed to Hartford in 1637. On December 15, 1814, delegations from New England gathered at the Hartford Convention to discuss secession from the United States. Later in the century, Hartford was a center of abolitionist activity. The most famous abolitionist family was the Beechers. The Reverend Lyman Beecher was an important Congregational minister known for his anti-slavery sermons. His daughter, Harriet Beecher Stowe, wrote the famous Uncle Tom's Cabin. Litchfield was founded in 1721. By the 1790's, the town became the leading commercial, social, cultural and legal center of Northwestern Connecticut. In 1810 Litchfield was the fourth largest settlement in the state. Established in 1792, Sarah Pierce's Litchfield Female Academy was one of the first major educational institutions for women in the United States. The town declined during the later years of the nineteenth century as it did not have the ample water supply and rail transportation necessary to establish industry.

### FANTASTIC UNCUT LARGE SHEET

Litchfield, First NB, 709 Fr. 624 \$10 1902ND

Uncut Sheet A beautiful sheet of \$10-10-10-20 with full margins all the way around, beautiful pen signatures and bright, vivid colors. Notes on this bank are really quite scarce and the two uncut sheets from this bank do increase the total number of notes, although I would be shocked if this sheet is ever cut.

Meriden was originally part of Wallingford. It was granted a separate meetinghouse in 1727, became a town in 1806, and incorporated as a city in 1867. It was named for the town of Meriden, West Midlands, England. In the 1800s, Meriden earned the nickname "Silver City," due to the large number of cutlery and related products which were manufactured there by companies such as International Silver and Meriden Cutlery. In 1868, Charles Parker and his sons started the Parker Brothers Gun Company, which continued until 1934 when it was purchased by the Remington Arms Company. The New York, New Haven and Hartford Railroad started rail service in 1839.

1700 Meriden, First NB, 250 Fr. 598 \$5 1902ND

The first settlement of the area by English colonists was in 1643. It became a town in 1650. During the 1700s, Middletown became the largest and most prosperous settlement in Connecticut. By the time of the American Revolution, Middletown was a thriving port, with one-third of its citizens involved in merchant and maritime activities. The port's decline began in the early 1800s with strained American-British relations and resulting trade restrictions, which led to the War of 1812. Middletown became a major hub of firearm production and supplied the majority of pistols to the U.S. government during the War of 1812. Wesleyan University was established there in 1831.

New Britain was settled in 1687 and was incorporated as New Britain Society in 1754. It became a city in 1851. In 1843 Frederick Trent Stanley established Stanley's Bolt Manufactory to make door bolts and other wrought-iron hardware. In 1857, his cousin Henry Stanley founded The Stanley Rule and Level Company in the city. Planes invented by Leonard Bailey and manufactured by the Stanley Rule and Level Company, known as "Stanley/Bailey" planes, were prized by woodworkers of the late 19th and early 20th centuries. The two companies merged in 1920, and the Stanley Rule and Level Company became the Hand Tools Division of Stanley Works.

New Canaan was incorporated as a town in 1801. It was originally established in 1731 as a religious entity and called Canaan Parish. New Canaan was primarily an agricultural community. After the Revolutionary War, its major industry was shoe making. In 1868, the railroad came to New Canaan. Many of New York City's wealthy residents discovered the quiet, peaceful area and built magnificent summer homes. Eventually, many of the summer visitors settled year-round, commuting to their jobs in New York City and creating the residential community that exists today.

1719 New Canaan, First NB & Trust Co., 1249 Fr. 1801-2 A scarcer town from a bank that has few 1929T2 appearances. This is the only \$10 Type 2 reported. (500-1,000)

New Haven was founded in 1638, when five hundred Puritans who left the Massachusetts Bay Colony under the leadership of the Reverend John Davenport and the London merchant Theophilus Eaton sailed into the harbor. It is considered the oldest formally planned community in the United States due to the original grid of four streets by four streets. In 1716, the Collegiate School relocated to New Haven. In 1718, the name of the Collegiate School was changed to Yale College due to a large donation from Welsh merchant Elihue Yale. The city struck fortune in the late 18th-century with the inventions and industrial activity of Eli Whitney, a Yale graduate who developed the cotton gin and established a gun-manufacturing factory.

New Milford had its first white settlers arrive in 1707. On October 17, 1711, 12 families petitioned the General Assembly to create the town. With the legislature's approval, the town was organized the next year. In the mid 1800s many new industries came to town. The Water Witch Engine Company, local telephone and electricity companies, and newspapers were all founded. Factories in town made buttons, paint and varnish, hats, furniture, pottery, lime, dairy products and pasteboard, among other goods. Tobacco became the major crop in the area, and tobacco warehouses also sprang up.

Norwich was founded in 1659 when settlers from Old Saybrook, Connecticut, purchased land from Mohegan Indians. Large mills and factories sprang up along the three rivers which traverse the town. During the American Revolution, Norwich supported the cause for independence by supplying soldiers, ships, and munitions. Regular steamship service between New York and Boston helped Norwich to prosper as a shipping center through the early part of the 20th century. During the Civil War, Norwich once again rallied around the cause of freedom and saw the growth of its textile, armaments, and specialty item manufacturing. This was also spurred by the building of the Norwich-Worcester Railroad in 1832.

Portland's first European settlers came in the late 1650s, attracted by the brownstone, which was used for construction and gravestones. The proximity of the river meant that the stone could be easily transported. By the 1850s, more than 1,500 people were employed in the quarry industry. Shipbuilding became more important as an industry, and the economic center of town shifted toward the Gildersleeve area. During the American Revolution and the War of 1812 many U.S. Navy vessels were built in various shippards in town. Tobacco farming was also a big industry. In 1936, the Connecticut River flooded the quarries, which ended the quarry industry in town, and the shipbuilding industry collapsed as well.

### GORGEOUS PORTLAND RED SEAL

1757 Portland, First NB, N1013 Fr. 587 \$5 1902RS

An amazing \$5 Red Seal that is one of only two Red Seals known from this charter, both of which are UNC. The last time one of these sold was the other example some 10 years ago. The pen signatures are excellent and the overall quality is wonderful. There are 19 notes reported on this bank, with two Red Seals and two \$5 First Charters being the only UNCs. On the right bottom edge it looks like someone started to cut the sheet and then stopped after a fraction, and made the bottom margin broader.

Ridgefield was first settled by English colonists from Norwalk and Milford in 1708. The Battle of Ridgefield on April 27, 1777, involved the Continental Army and a larger British force that landed at Norwalk, CT. There are many landmarks from the Revolutionary War in the town. In the late 1800s, railroad development brought wealthy New York City residents to the area. They built large estates and "summer cottages." During and after the Great Depression, many of these estates became unaffordable and were broken up, with many of the mansions being razed.

Rockville is a village of the town of Vernon, CT. In 1726, Samuel Grant traded his farm in Bolton for 500 acres which is now Rockville. The Hockanum River was used by farmers for a grist mill, a saw mill, an oil mill and even a distillery starting around 1740. In 1821, Colonel Francis McLean built the first textile mill next to a spot known as "the Rock." In order to have their own post office the town needed a permanent name. Simon Chapman suggested the name "Rockville" as the common expression understood by the surrounding areas was "Going to the Rock."

Stamford was called Rippowam by the Native Americans and the first European settlers in 1641. The name was changed to Stamford after a town in Lincolnshire, England. During the 18th century, the primary industry of the town was merchandising by water, which was possible due to Stamford's proximity to New York. Starting in the late 1800s New York residents built summer homes on the shoreline and would commute to New York by train.

Stamford incorporated as a city in 1893.

Stonington was first settled by European colonists in 1649 and named "Souther Towne" or Southertown, by Massachusetts in 1658. It was renamed Stonington when Connecticut established its claim over the territory in 1665. The town repulsed two British naval bombardments during the Revolutionary War and the War of 1812. In the 19th century, Stonington supported a small fishing, whaling and sealing fleet, with some direct trade with the West Indies, enough in volume for it to be made a Port of Entry in 1842.

Suffield was purchased from the Indians by Major John Pynchon, a fur merchant, in 1640. For 79 years it was a part of Massachusetts. Suffield was granted admittance to Connecticut in 1749. After the Revolutionary War, commercial growth improved and the church's influence in government affairs declined. During the 1800s transportation improved with the completion of bridges, canals, railways and roadways. The major industries included paper mills, cotton mills and tobacco. The first cigar factory in the country was opened here in 1810.

Torrington was settled in 1735 by Ebenezer Lyman Jr. of Durham, CT. Early settlers resided on the hills west of the Naugatuck River. The river was the power source for early 19th century industries. Industrial growth skyrocketed in 1813 when Frederick Wolcott constructed a woolen mill. Two brass mills were constucted in 1834. This was the beginning of the brass industry in Torrington, which spread throughout the entire Naugatuck Valley. In 1849, the Naugatuck Valley railroad was completed, ending Torrington's isolation and stimulating further industrial growth.

Wallingford was established on Oct. 10, 1667 and incorporated on May 12, 1670. During the 19th century, Wallingford industry expanded with a concentration of small pewter and Britannia ware manufacturers. Waterbury was first settled in 1674 and named Mattatock. Its name changed to Waterbury on May 15, 1686, when the settlement was admitted to Connecticut Colony. The name Waterbury was chosen because of all the streams flowing into the Naugatuck. Waterbury became an industrial power in the early 1800s when it began to make brass. The invention of the pocket watch by Robert Ingersoll brought the clock industry to Waterbury. As these businesses boomed, thousands of immigrants poured into the city seeking factory jobs.

Willimantic was incorporated in 1893 as a section of the town of Windham. It is best known for its frog legend. The "Battle of Frog Pond" was an incident in 1754. The citizens were awakened in the middle of the night by a tremendously frightening racket just outside of town. Thinking it was an Indian attack they armed themselves. Instead of Indians they found hundreds of dead bullfrogs. The frogs were "fighting" for water. The American Thread Company had a mill on the banks of the Willimantic River, and was at one time the largest employer in the state as well as one of the largest producers of thread in the world.

VG (1,500-3,000)

#### AMERICA'S BEEF NAMED BANK

1843 Farmer City, John Weedham NB, M3407 Fr. 599 \$5
1902ND A lovely example of this extremely popular,
family-named bank that has to be the best suited named bank
in the country. Who could have dreamed up a better name than
Weedman - from Farmer City! Yes, there are 32 large notes
reported, but few have the desirability of this one.

VF (2,000-3,000)

Flora, NB, 11509 Fr. 1800-1 \$5 1929T1

Herrin, First NB, 5303 Fr. 504 \$20 1882BB

A scarce town in Williamson County that rarely ever appears.

This is the third \$20 Brownback known. It is evenly circulated and has signatures. From the Indiana cash hoard.

Fine (1,000-2,000)

1850 Hindsboro, First NB, M5538 Fr. 545 \$10 1882DB
Only nine large notes were reported on this Douglas County
bank before this attractive, circulated Dateback appeared in the
Indiana cash hoard.

F/VF (900-1,500)

1851 Hyde Park, Oakland NB, 3916 Fr. 470 \$5 1882BB

This is the Oakland National Bank of Hyde Park which has four large notes reported. This one has splits and a wallet stain on the face.

G/VG (500-750)

1852 Joliet, Will County NB, 1882 Fr. 654 \$20 1902ND

An evenly circulated example of this popular bank; popular because of the "1882" connection to nationals.

VG/Fine (175-350)

1853 Joliet, NB, 4520 Fr. 1801-1 \$10 1929T1

VG/Fine (200-400)

1855 La Salle, NB, 2503 Fr. 1800-1 \$5 1929T1

There are only five small notes reported with this title. The other 71 notes reported carry the first title name.

VF (400-800)

#### **GREAT TYPE NOTE**

This is a very pleasing \$50 Brownback that will probably sell to a type collector as there are enough Lincoln notes to please the local buyers. The paper and color are good, and the signatures are great, but the top margin could be broader.

VF (6,000-9,000)

1857 Lincoln, NB, M3369 Fr. 643 \$20 1902DB

F/VF (350-500)

1864 Mount Pulaski, First NB, 3839 Fr. 1801-1 A bank that is scarcer in small size than in large size. There are just 11 small notes reported. VF (225-350)

1865 Newton, First NB, 5869 Fr. 633 \$10 1902ND This note, from Jasper County, is one of 21 large notes reported on this bank. It is nice because of the excellent signatures. VF (750-1,500)

1866 Nokomis, Farmers NB, M7547 Fr. 624 \$10 1902ND A rare Montgomery County bank that has only nine notes reported, all large size. This note is evenly circulated and has nice, clear signatures.  $\mathbf{V}\mathbf{G}$ 

(600-900)

1867 Oregon, First NB, M1969 Fr. 550 \$20 1882DB

A truly rare town that has just five large notes reported, and only two offerings in nearly two decades. This note is well used and has excellent signatures.

VG (6,000-9,000)

1868 Pana, NB, 6734 Fr. 624 \$10 1902ND A sharp evenly circulated note that is one of 24 large notes reported. Very faint signatures on this one.

Fine (225-350)

#### **EXCELLENT \$10 FIRST CHARTER**

1869 Paris, First NB, 1555 Fr. 416 \$10 1875

A lovely 1875 Series First Charter \$10 that is from one of the few towns that ever offers this rare and elusive type. The margins are clear on both the face and back. The pen signatures appear as clear as when they were signed by Asa J. Baber and Wm. Siebert. This is a great note for a type collector.

Ch. CU

The red signatures on this note are tough to read, but they are there. There is a total of 14 large notes reported from this location.

VG (400-600)

1935 Portland, First NB, 7180 Fr. 1801-1 \$10 1929T1

This Jay County bank has 23 small notes reported.

VF (350-500)

Richmond, Second NB, M1988 Fr. 472 \$5 1882BB

This is only the second \$5 Brownback recorded from this eastern Indiana location. There are four other Blue Seals reported. From the Indiana cash hoard.

VG + (500-1,000)

1937 Richmond, Second NB, 1988 Fr. 602 \$5 1902ND

This note has a very light stain over virtually all of the note, but the signatures are legible. There are 31 large notes reported.

F/VF (250-500)

1938 Russiaville, First NB, M5524 Fr. 555 \$20 1882DB

This is the only 1882 Dateback to be reported from this scarce, one-bank town in Howard County. There are two \$10 Brownbacks and three \$20 1902 Plainbacks reported. This note has good paper quality but somewhat toned paper. From the Indiana cash hoard.

Fine + (1,750-3,500)

1939 Shelbyville, Shelby NB, 7946 Fr. 599 \$5 1902ND

A sharp VF large size and one of 17 reported. It has good stamped signatures.

#### FIRST NATIONAL STATE BANK

1942 Sheridan, First National State Bank, M5296 Fr. 504
\$20 1882BB This beauty is certainly one of the rarest notes to turn up in this cash hoard that was apparently put away around 1910. The centering is excellent. It is the only \$20 Brownback and only the second note with this title. The president's signature is very light, but the cashier's is quite easy to read.

VF + (3,000-6,000)

1943 Sheridan, First NB, M5296 Fr. 556 \$20 1882DB

A very rare town in Hamilton County that has only been represented by six notes for this charter, and the Indiana cash hoard has added one of each title to the census. This note is the first \$20 1882 Brownback to be reported.

Fine (1,000-2,000)

1944 South Bend, Merchants NB, M6334 Fr. 650 \$20 1902ND There is a brown spot at the center and there are no visible signatures.

Fine (200-400)

1945 Swayzee, First NB, M8820 Fr. 618 \$10 1902DB

This new note to the census is only the sixth large note reported, with only a single example probably a better grade. A tough note from Grant County. From the Indiana cash hoard.

Fine (750-1,500)

Terre Haute, First NB, M2742 Fr. 639 \$20 1902RS
This Vigo County bank note is new to the census which contains only three large notes reported. There is one
Brownback and two 1902 Datebacks currently listed. No doubt this first Red Seal will see great interest. There are a couple of splits on the note. From the Indiana cash hoard.

VG (2,000-4,000)

1947 Thorntown, Home NB, M5842 Fr. 504 \$20 1882BB

An Indiana rarity from a bank that has only three other large notes reported. This note, from the Indiana cash hoard, is quite nice with a clear signature of the cashier, Hugh Woody. There are a few minor pinholes and edge nicks that are of no consequence.

VF (2,000-4,000)

1948 Vevay, First NB, 346 Fr. 1802-1 \$20 1929T1

A real peach that is now only the tenth small note reported.

It is much higher grade than the others.

Detroit, Wayne County, was the site of a succession of Indian villages before it was founded in 1701 by Antoine de La Mothe, Sieur de Cadillac. It was named after the French word for strait (detroit) from its location on the river connecting Lakes Erie and St. Clair. The city was referred to as the "Paris of the West" for its fine architecture. Strategically located along the Great Lakes waterway, Detroit emerged as a transportation hub. In 1896, a thriving carriage trade prompted Henry Ford to build his first automobile in a rented workshop on Mack Avenue, and in 1904, the Model T was produced. It was the state capital from 1837-1847.

Lansing, the capital city of Michigan, is in Ingham County. In 1835 and early 1836, two brothers from New York plotted the area and named it "Biddle City." All of this land lay in a floodplain and was underwater during most of the year. Regardless, the brothers went back to New York, specifically Lansing, New York, to sell plots for the town that did not exist. A group of 16 men bought plots in the nonexistent city and upon reaching the area later that year found they had been scammed. Many in the group too disappointed to stay ended up settling around what is now Metropolitan Lansing. Those who stayed quickly renamed the area "Lansing Township" in honor of their home village in New York. In 1847 Lansing was named the state capital.

2214 Lansing, Second NB, 264 Fr. 383 \$1 1875

This note is one of only four notes reported on this very early bank from the state capital. The bank was chartered in 1864 and closed in 1884, presumably when the charter needed to be renewed. The note is overall VG without any major flaws. It has excellent pen signatures of E. Longyear and D. Longyear; it was kept in the family. A slightly higher grade realized \$11,500 in 2005.

VG/Fine (6,000-10,000)

Lapeer, Lapeer County, was named by early French traders because of the rocky bed of its river. The village developed around the river in 1831. It was platted by Jonathon R. White in 1833 and recorded as Whitesville in 1834. It was renamed Lapeer in 1836.

2216 Lapeer, First NB, 1731 Fr. 382 \$1 **Original** This bank was chartered in 1870 and was still open after the national bank note issuing period ... a rare feat! The note is beautifully signed by H.K. White, Cashier and E.J. White, President.

Lyons, in Ionia County, was founded in 1830, under the name Maple Township, when William Hunt set up a trading post on the west bank of the river and began to trade with the Indians. Settlers were lured to the valley by the rolling hills, lush vegetation, broad, fertile prairies and the sparkling river that ran through it all. In 1836, Lucius Lyon platted the land where the village now stands and gave the town its name, which was changed to Lyons in 1840.

## EARLY FIRST CHARTER TOWN

2217 Lyons, NB, 2008 Fr. 382 \$1 Original

Wow...what a find! This bank was chartered on July 6, 1872 and it took its second title barely six months later. The bank was closed by 1889, without any Ionia Second National Bank notes yet reported. This note is the fourth reported on the first title of this bank, which now makes four notes reported from this, a one-bank town. The pen signatures are clear of Adam S. Roof, President and Josiah Lust, Cashier. There are a couple of heavy folds that have had minor splits closed for posterity. The note is a beauty and is quite rare.

Manistee, Manistee County, was named after the county and is the county seat. In 1841 the first permanent sawmill was built there, laying the foundation for the village. The city is located at the mouth of the Manistee River on Lake Michigan.

2218 Manistee, First NB, 2539 Fr. 659 \$20 1902ND This bank was chartered in June 1881, issuing a few First Charters, and continued on until 1933. There are 11 large notes reported, but only two are 1902 \$20s. This note is a beauty and has excellent quality signatures of P.A. Schuarbach, President and Walter E. Sharp, Cashier. XF/AU (1,000-2,000)

Marine City, St. Clair County, was settled when the first Europeans arrived in the 1780s and obtained a deed from the Chippewa Indians. The community was known as Yankee Point and Belle River before being platted as the Village of Newport in 1834. It was known as Newport for 31 years until the village of Marine City was incorporated in 1865, then as a city in June of 1887.

2219 Marine City, Liberty NB, 11260 Fr. 606 This bank was chartered in 1918 and went into receivership in 1933. There are only nine large notes to represent this onebank town bank. The pen and stamped signatures are clear. VG/Fine (650-1,300)

Muskegon, the county seat of Muskegon County, is located near the river the French call Masquignon, from the Indian word for marshy river. The French opened a trading post there in 1834. Sawmill owner, Theodore Newell first platted the village in 1849. It was incorporated as a city in 1869. It was once referred to as the "Lumber Queen of the World" as its rich collection of sawmills supplied the lumber to rebuild Chicago after "The Great Fire".

Muskegon, Union NB, 4125 Fr. 626 \$10 1902ND

Niles, Berrien County, is located at the site of the French Fort St. Joseph, and was first established in 1691. After 1761, it was held by the British and was captured on May 25, 1763, by Native Americans during Pontiac's Rebellion. The British retook the fort but it was not regarrisoned and served as a trading post. During the American Revolutionary War, the fort was held for a short time by a Spanish force. The presence of these three European powers in the area, as well as the United States, is how Niles came to be known as "The City of Four Flags". The town was named after Hezekiah Niles (editor of the Niles Register, a Baltimore newspaper).

#### SECOND NOTE ON BANK

2224 Niles, Citizens NB, 1886 Fr. 472 \$5 1882BB

This is only the second note reported from this Berrien County bank in extreme southwest Michigan. This note has fantastic pen signatures that approach vanity in my book. There were three national banks in town, but both early banks closed with one year of the dawn of the 20th Century. Recently discovered as part of a very early Michigan National Bank Note collection that no one had ever seen before.

Fine (7,500-12,500)

Ontonagon, the county seat of Ontonagon County, is located at the mouth of the Ontonagon River on Lake Superior. In 1843 prospector James Kirk Paul built his cabin here and began to plat the town. It was incorporated as a village in 1885. Its name was taken from the river which flows through the area and taken from the Chippewa word Nan-ton-a-gon, meaning bowl, from the shape of the river's mouth.

2225 Ontonagon, First NB, M6820 Fr. 650 \$20 1902ND Large notes on this bank are really rare. This one is laminated, but has a good look and excellent pen signatures. Owosso, Shiawassee County, was the first settlement in the township, made in 1835. The settlement was first known as Big Rapids and was given a post office as Owasso. The name was not officially changed until June 1875. It was named for Chief Wasso whose tribe the U.S. moved from this area to a reservation by the Treaty of 1836.

A rare town from Shiawassea County that had two national banks. One bank is unreported and the other closed in 1885.

This note appears to be as nice as any known. It has nice pen signatures of Amos Gould, President and B. Moses, Cashier.

Fine (4.000-8,000)

Paw Paw, Van Buren County, was settled in 1832 and became the county seat in 1838. It was named after the nearby Paw Paw River which the Indians had named for the paw paw fruit growing on its banks.

2227 Paw Paw, First NB, 1521 Fr. 468 \$5 1882BB
This is a new note to the census and it is a very nice example. This bank was established in 1865 and it was successful until those dreadful days in 1933. Plymouth, Wayne County, was first settled when William Starkweather built his log cabin there in 1825. In 1871 the Pere Marquette Railroad built its first railway station. Daisy Outdoor Products started in 1882 as Plymouth Iron Windmill Company in Plymouth, Michigan. The BB gun went into production as a premium item given to farmers when they purchased a windmill. The gun was such a huge success that Plymouth Iron Windmill soon began manufacturing the Daisy BB gun in place of windmills.

\$5 1882BB Plymouth has supplied many of the available
Gem examples available for today's collectors from a small
cash hoard held by the bank. Over the years, we've seen many
(if not most) of the pieces. This example is superior to any we
recall. It has the cavernous embossing, strong pen signatures,

this note even more special are the perfect centering and jumbo
margins. Ideally suited for the collector seeking only one
example for a type set.

Sault Saint Marie, Chippewa County, is the first European settlement to be made in what is now Michigan. It was named by the French Jesuits in 1641, from its being on the heights overlooking the rapids and the Virgin Mary. John Johnston was the first British settler in 1793. The Sault is the third oldest city in the United States west of the Appalachian Mountains. The falls proved a choke point for shipping. Early Lake Superior ships were hauled around the rapids, a process which could take weeks. Later cargoes were unloaded and hauled around the rapids and loaded onto other waiting boats. The first American locks were built in 1855.

The lake was first named St. Clare by LaSalle who entered it on August 12, 1679, the feast day of St. Clare. The spelling was later changed to St. Clair for General Arthur St. Clair, the first American governor of the Northwest Territory.

2236 St. Clair, First NB, 1789 Fr. 403 \$5 1875 This one-bank town received its bank charter in 1871 and the bank only survived until 1886. There are five notes reported; this one being a low-end VG. St. Joseph, Berrien County, was first settled in 1679 when LaSalle built Fort Miami (in Miami Indian territory) to keep his restless men occupied. When he moved southward, he left no one there, for he never intended to return. In 1780 a trading post was built and the area was re-settled in 1827, called Sarnac after a Great Lakes ship. The name was changed to St. Joseph in 1833, as it is located on the St. Joseph River (which was in turn named by French missionaries). #### FINEST KNOWN ON BANK

Wells, First NB, M4669 Fr. 472 \$5 1882BB

This note is a new addition to the census and a real peach that will excite Minnesota collectors. This is the earliest and best known note on the bank. It has exceptional pen signatures.

VF/XF (4,000-8,000)

Winona, Second NB, 1842 Fr. 401 \$5 1875

This is the first \$5 First Charter ever seen on this bank, and only a couple of the five others, \$1s and \$2s, are as nice.

This note has excellent color and near perfect restoration of a couple of paper pulls. The pen signatures are clear as well.

Winona, First NB, M3224 Fr. 639 \$20 1902RS

This is only the third Red Seal known from this Minnesota bank. The bank had two titles and this is the second one. The stamped signatures are clear, but light. There are 47 large notes reported. From the Indiana cash hoard.

Fine (1,500-3,000)

Worthington, NB, 8989 Fr. 626 \$10 1902ND

This note is new to the census of nine large notes reported from this bank in southern Minnesota. The pen signatures are light, but clearly legible. There is a small closed tear as well.

Fine (600-900)

#### MISSISSIPPI

2269 Gulfport, First NB, 6188 Fr. 634 \$10 1902ND

#### **MONTANA**

2300

2299 Fr. 405 \$5 1875 Here is a Montana Butte, Montana Territory, First NB, 2566 Territorial that has lots going for it. First there is documentation shown here where this note came directly from the cashier, Joseph A. Hyde; the president was A. Davis. Next it's one of only five Territorials known, and last it's very attractive, with a professionally closed split on the right quarter fold. Butte was a huge mining community thus accounting for the large number of early notes printed. I expect serious competition for this interesting piece of history. VF

# FABULOUS GREAT FALLS BROWNBACK

There are a total of 58 Brownbacks recorded from Montana but most Fr. 485 \$10 1882BB Great Falls, First NB, 3525 are in very strong hands and have little chance of being available anytime soon. This note was part of a sheet that had been partially cut, leaving the \$10 and \$20 at the bottom together. They have been retained, but the owner feels it's time to give other collectors an opportunity at one of these choice rarities. If not for the sheet fold, this is a Gem with complete originality and marvelous pen signatures of D.J. Hermessy, Vice President and J.G. Morony, Cashier.

# \$1-1-1-2 ORIGINAL SERIES UNCUT SHEET

2301 Helena, Montana Territory, First NB, 1649 Fr. 380/387 \$1-1-1-2 Original **Uncut Sheet** This uncut sheet never left the family until 2004 when we offered it in Memphis. It was acquired by the great grandfather of the consignor of record in Memphis 2004, John D. (Whiskey) Brown, around 1870. John D. (Whiskey) Brown was one of the earliest pioneers of Cascade, Montana. He was born in County Cork, Ireland on September 26, 1826, and his parents brought him to Providence, Rhode Island when he was three years old. He married and lived there until early 1858, when he decided to go west. He left his wife and child with family and headed west. He left St. Paul, Minnesota in September 1858 for Colville, Washington Territory, but spent Christmas that year near Winnipeg, where he spent time with an American Fur Company trader. During that time he took presents to the Indians, which later saved his scalp when he and several others were captured in Assiniboine County. An Indian agent secured their release around the Fourth of July. The continued their journey down the Milk River Valley to Fort Browning and Fort Benton, arriving in the spring of 1860. During the next few years he cut timber and prospected, arriving back in Fort Benton in January 1863. He continued to prospect until 1867 when he located a ranch, soon known as Whiskey Brown Ranch, so named because they were on the Birdtail Freight route and many freighters would stop to feed and water their animals and themselves. Mrs. Brown and their three daughters, Martha, Anna and Theresa, rejoined her husband by traveling around the horn to San Francisco. She then took the train to Corinne, Utah, and stagecoach the rest of the journey.

# HELENA, MONTANA TERRITORY

This uncut sheet descended through Martha's family to her daughter, Loretta Lemire, and then to Elaine Dorrity. Interestingly enough, John (Whiskey) Brown signed the top of the sheet, but he was not (to the best of our knowledge) ever connected with this bank. This is the only uncut sheet of First Charter Territorials known to exist, and only the third sheet of Territorials, of any type, to have survived. The known sheets are:

First NB, Marlow, Indian Territory, #5724 \$5 1882BB Private Collection

First NB, Wakita, Oklahoma Territory, #5982 \$10-10-10-20 1882BB ANA Museum

First NB, Helena, Montana Territory, #1649 \$1-1-1-2 Original Series Offered Here

There are eight uncut sheets listed from the District of Alaska as well. There are only 13 uncut sheets of \$1-1-1-2s in existence that we know of per the census. None of these sheets have the rarity or story that this sheet possesses. The sheet has been strengthened, where the splits were occurring, to maintain its condition for generations to come. Many of those areas were along the fold lines. We are proud to have been chosen to offer this rarity for its current owner.

2441 Columbus, Commercial NB, M2605 Columbus obtained its current name at the same time it was named the capital city, in February 1812. The National Road reached Columbus in 1831, further adding to its population and economic boom that followed the completion of the Ohio and Erie Canal. The first railroad, the Columbus and Xenia, made its way to Columbus in 1850, followed shortly thereafter by the Cleveland, Columbus and Cincinnati Railroad. The two railroads built a joint Union Station, but Columbus outgrew that by 1875, serving eight railroads from its new station. By the end of the 19th century, Columbus had come to be known as "the buggy capital of the world", hosting over 20 buggy factories. You would think that for a big city bank like this, there would be plenty of \$5 Brownbacks available for type note needs. In this case, you would be wrong. Only one other \$5 Brownback in like condition exists. If you buy this at a type note price, you'll be getting a great deal.

Ironton, Citizens NB, 4336 Fr. 471 \$5 1882BB
Ironton was founded in by John Campbell in 1849, a foundry owner who chose the site for its rich iron ore deposits and location on the Ohio River. Over the course of the second half of the 19th century, Ironton would become one of the world's foremost iron producers, selling ore for warships to several countries as well as providing iron for the USS Monitor, the US's first ironclad ship. At the peak of the town's success, there were over 90 furnaces operating in Ironton. The Detroit, Toledo & Ironton Railroad, although not opened until 1905, served the town well, sending iron directly to Ford's plants in Michigan. This is the sole \$5 Brownback known on the bank. 2548 Johnstown, United States NB, 13781 Fr. 1801-2 A nice example of the classic "forbidden title." The Act of May 24, 1926, forbade the use of the words "United States," among others, in a bank's title. However, this bank was chartered as the United States National Bank in 1933, one of just two banks in the nation chartered after 1926 and so named. This note is not to be confused with the extremely common notes of charter #5913, also from this town and bearing a similar title. This is the true "forbidden title" example. Extremely desirable and highly sought after but seldom available, with just 16 examples reported in the Kelly census, far too few for the many savvy collectors who want one in their collections. ### THE "WHEAT STALK" TOMBSTONE

2614 Warren, Citizens NB, E2226 Fr. 474 \$5 Warren is the seat of Warren County, organized in 1819. It survived much like the rest of the towns in the area, relying first on lumber and agriculture and later on its iron and coal deposits. It is currently the home of the headquarters of the Allegheny National Forest. A few years ago this would have been just another Pennsylvania note that "looked a little different". It just goes to show how a little study in an area can highlight what is significant. And what is that, you ask? Well, first, we have a note from Group 11, featuring the Baroque font used for the letters in "National Bank of". Then there is the distinctive tombstone, with the wheat stalks at either end. Even the town name shows similarities to the elegant style font of Group 15. Finally, the note is unique as a \$5 Brownback, being the only example in the census. There is nothing not to like on this middle grade note. (2,000-3,000)

Warren, NB, 4879 Fr. 472 \$5 1882BB This is the most common bank in Warren, and certainly has the more available style of layout, the "Old West Saloon". However, like the Citizens National Bank, this note is also the only \$5 Brownback known on the bank. Group 3. Plate date 2/28/93.

# **IMPORTANT DAKOTA TERRITORIAL \$1**

Yankton, Territory of Dakota, First NB, 2068 Fr. 382 \$1 Original There are 15 Territorials known on this early Dakota Territory bank, but only seven have much grade and three of those are UNC, or close. This note is in the census as AU, but that is really a bit optimistic since there are clearly three folds. It does have beautiful color and excellent centering to go along with the margins. Bold pen signatures of Mark M. Parmer, Vice President and C.E. Saubon, Cashier. There hasn't been a note on this bank sold at auction for eight years and the price of Territorials has changed dramatically since those times.

Austin, State NB, 2617 Fr. 479 \$10 1882BB

This was one of the highest grade Texas First Charters that

Amon Carter, Jr. was ever able to acquire. It seems to be a bit tight around the margins, but the paper has excellent quality.

Even the seal is a bit lighter than would be preferred, but Texas First Charters don't come along often.

# **DOUBLE PRINTED SIGNATURES**

2638 Fort Worth, NB, 3131 Fr. 650 \$20 1902ND What a great looking error, but technically it did not happen at the BEP, I don't think, because about the time this note was issued, there were machines made that would sign notes and cut the sheets as well. If it was this process that misfired, this could have occurred. What a cool error for a Texas national and this Van Zandt was the one who later signed FRBNs. (1,750-3,500)AU

#### FAMILY NAMED TEXAS RED SEAL

2670 San Antonio, Woods NB, S7316 Fr. 613 A well used, but evenly circulated Red Seal from one of Texas' interesting family-named banks. This note is signed by John Woods, President and W.F. Woods, Cashier, keeping it in the family. For some reason this town has had a number of successful family titled banks over the years. Those banks include: Lockwood National Bank, Woods National Bank, Groos National Bank and Frost National Bank, which is still around after nearly 140 years in business. The Woods Bank was chartered in 1904 and lasted only until 1907, issuing just 5,942 sheets of Red Seals. It is hard to find a tougher bank and a Red Seal to boot. #### **WISCONSIN**

2719 Appleton, First NB, M1749 Fr. 471 \$5 1882BB

This note has excellent signatures of Henry D. Smith, President and Herman Erb, Cashier. A pretty and evenly circulated Brownback from this bank. It is better than most of the six \$5 Brownbacks reported.

VF (1,000-2,000)

2720 Baraboo, First NB, 3609 Fr. 626 \$10 1902ND

A beautiful note that has slight, faint handling, but also great color and originality. Probably saved by a circus person as this was the home of Ringling Brothers Circus. Excellent stamped purple signatures. This is the first title and there are 28 large notes reported. There hasn't been an UNC sold since 2000 when we got \$1,760 for a similar note.

Ch. CU (2,000-4,000)

2721 Beaver Dam, Old NB, 7462 Fr. 624 \$10 1902ND
This bank, from Dodge County, has 18 large notes reported.
This note has excellent stamped signatures.

## SECOND LARGE SIZE REPORTED

Fairchild, First NB, M7264 Fr. 642 \$20 1902DB

Here is the note that should certainly get the conversation flowing among us collectors. This is only the second large size note reported from this Eau Claire County bank that remains extremely elusive. This bank issue under 2,000 sheets and was the community's only national bank. The note has excellent pen signatures of W.F. Hood and C.E. Falley. The last small size realized \$6,900.

2730 La Crosse, NB, 2344 Fr. 384 \$1 1875 lovely note with excellent embossing that looks like it was cut from a sheet that was folded generations ago. No other serial #85, either in the \$1 or \$2, are recorded. A lovely, pen-signed example of this First Charter hoard note with 115 First Charters known. It's been since Memphis 2000 that an ace in this grade has been available, but numerous deuces have been for a lot more money.

## WYOMING

This new addition to the census on this bank brings the total to just 10 notes reported. The bank was in business from 1906 until 1924, leaving about 10% of its issue un-reclaimed. The note itself faces up nicely for the grade, with wide, even margins and good color. It falls in the middle of the grade range of known notes, but unfortunately the signatures have faded. Wyoming always seems to be a popular state, and this would make a good addition to any collection. Graded Ch. Fine 15 by PMG. PMG Ch. Fine 15 (7,000-10,000)
